## Chlorine Tablets

- Rapid disinfection
- Ready to use tablets
- Fast dissolving

Lyreco Code 20552491

### Directions for Use

Dilution: 1 tablet dissolved in 4-5 litres of water will provide a solution of approx 200ppm of available chlorine.

Cloths & Mops: following cleaning with a suitable detergent, add tablet to 10 litres of water to provide a bleaching solution.

Allow the cloth/mop to soak in a solution for up to 5 minutes, rinse and allow to air dry.

### Dosage Rate

Flush drain with water then dose at 225ppm (1 tablet per 4 litres of water) to 450ppm (1 tablet per 2 litres of water)

Chlorine release tablets can also be used for slow chlorine release by placing the tablet directly in drain gullies or traps.

Do not mix with acidic products such as toilet cleaner as this will cause the formulation of toxic gas.

**Contains:** troclosene sodium, dihydrate

Harmful if swallowed. Causes serious eye irritation. May cause respiratory irritation.

Very toxic to aquatic life with long lasting effects.

Wash hands thoroughly after handling. Wear eye protection/protective gloves/protective clothing. IF SWALLOWED: Call a POISON CENTER/doctor if you feel unwell. Rinse mouth. Store in a well-ventilated place.

Keep container tightly closed. Dispose of contents/container in accordance with local regulation.

WARNING
