

## 8A BACTI HAND SOAP

### Description

Bacti Hand Soap is a hand washing soap for hygienic hand washing.

### Features and Benefits

Based on a mild synthetic surfactant blend and a bactericide.

Contains moisturisers that have skin care effects.

Excellent cleaning performance.

Provides excellent soil emulsification.

Perfume-free, eliminating the risk of tainting food and allowing for the application in food processing areas.

Contains lactic acid – a safe, natural and effective antimicrobial combined with the mild surfactants the antimicrobial efficacy of lactic acid is synergistically increased. Lactic acid has a proven broad range efficacy against bacteria and various viruses.

### Use Instructions

Apply undiluted to wet hands, rub together to produce lather. Rinse in clean water and dry hands thoroughly.

Dry hands are crucial for maintaining good hand hygiene and for keeping skin in a good, healthy condition. Good quality hand washing should take at least 20-30 seconds.

### Safe handling and storage information

Full guidance on the handling and safe use of the product can be obtained from the Safety Data Sheet.

Store in original container.

Avoid extremes of temperature.

*\*This dosage is according to optimal conditions, recommendations may vary, please consult with your Diversey representative for directions.*
