

3B BACTI SINKWASH DETERGENT

Description

Highly concentrated hand dishwashing liquid for the hygienic cleaning of pots, pans, crockery, glass and all washable utensils.

Features and Benefits

A highly concentrated neutral liquid detergent suitable for manual cleaning of all kitchen utensils.

The formulation is an optimal blend of anionic and non-ionic surfactants.

The blend of anionic and non-ionic surfactants is able to cut through grease and dried-on food and makes rinsing easy and streak free.

Use Instructions

1. Use at a concentration of 0.5 to 5 ml* per litre hand warm water.
2. Soak items to be cleaned and wash with cloth, brush or scouring pad.
3. Rinse thoroughly and allow to air dry.

For heavily soiled items, a higher concentration may be required, for lightly soiled items a lower concentration may be used

Safe handling and storage information

Full guidance on the handling and safe use of the product can be obtained from the Safety Data Sheet.

Store in original container.

Avoid extremes of temperature.

**This dosage is according to optimal conditions, recommendations may vary, please consult with your Diversey representative for directions.*
