

3E WASHING UP LIQUID

Description

Washing Up Liquid is a hand dishwashing liquid for cleaning pots, pans, crockery, glass and all washable utensils.

Features and Benefits

Concentrated formulation gives excellent economy in use.

A concentrated neutral liquid detergent suitable for manual cleaning of all kitchen utensils

An optimal blend of anionic and non-ionic surfactants that can cut through grease and dried-on food which makes rinsing easy and streak free for a superior finish.

Long lasting lather means each dose washes longer.

Convenient dosing options help reduce waste and save money by dispensing just the right amount of product.

Use Instructions

1. Use at a concentration of 0.5 to 5 ml per litre* hand warm water.
2. Soak items to be cleaned and wash with cloth, brush or scouring pad.
3. Rinse thoroughly and allow to air dry.

For heavily soiled items, a higher concentration may be required, for lightly soiled items a lower concentration may be used.

Safe handling and storage information

Full guidance on the handling and safe use of the product can be obtained from the Safety Data Sheet.

Store in original container.

Avoid extremes of temperature.

**This dosage is according to optimal conditions, recommendations may vary, please consult with your Diversey representative for directions.*
